

# Ski resort Lipno

## Resort description

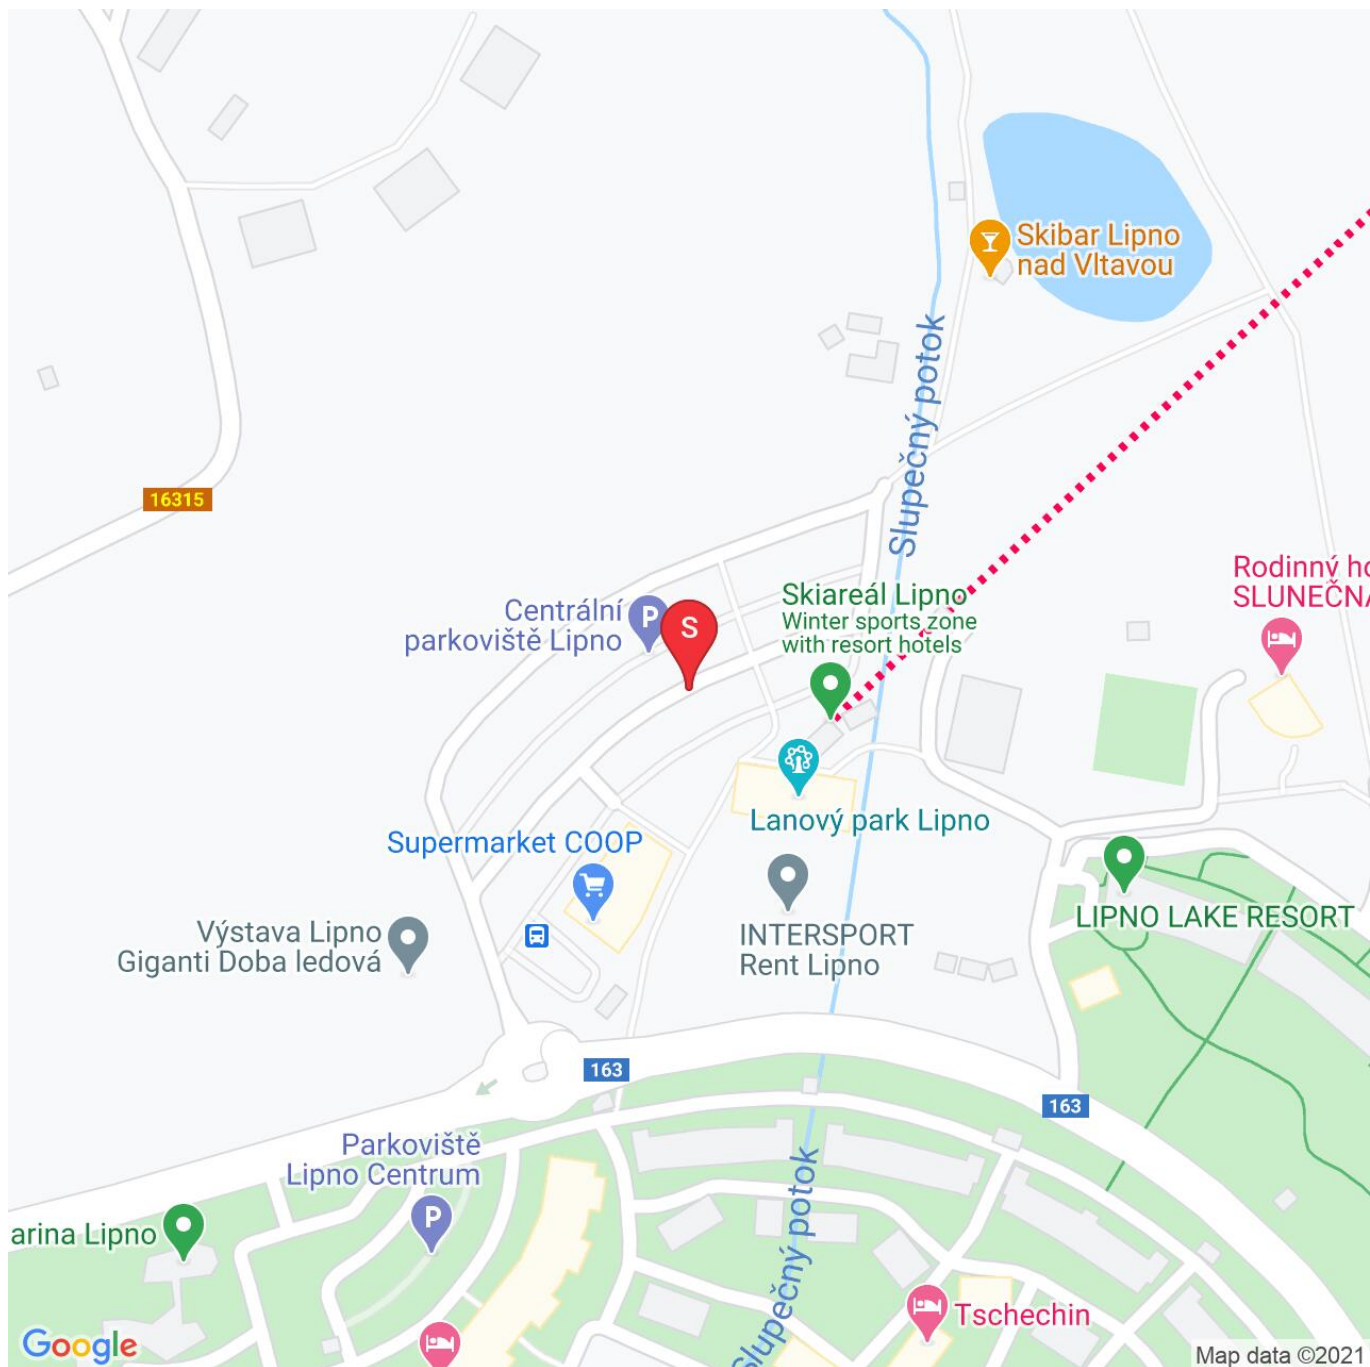

The ski resort Lipno is situated in Šumava mountains, right at the water dam of the same name. This modern sports center is popular especially with families with children. It offers 12 km of maintained ski slopes.

The ski resort has 13 slopes of low and intermediate difficulty, all of which are equipped with the system of artificial snow. There is also a ski-cross track and a snowpark. Evening skiing is possible at the longest illuminated slope in the resort. Transport of skiers is provided by comfortable four-seat ski lifts. Parking is free of charge. There are ski and snowboard rental shops, a ski service shop, a ski school, and several designer sports equipment shops. For relaxation you can use a few restaurants and snack bars straight at the slopes.

During winter season, the resort attracts its visitors with ice-skating at the lake. In the resort vicinity there is Aquaworld Lipno center, a rope climbing center, a bowling arena, a squash court and a waterfront esplanade with restaurants. Transport is provided by a skibus, free of charge. An attractive spot for visitors is Stezka korunami stromů (A tree top path) in the upper part of the resort. Accommodation is available in numerous hotels and guest houses in the resort area or a nearby town called Lipno nad Vltavou.
